

YOU AMAZE ME

C **G**
I, I cant seem to calculate
 F **Am**
All the patience it must take
G
To love me
You, You perfectly covered me
With blood that flowed from Your hands and feet
O You are lovely

F
You're my Center / You're my song
 C **Em**
For You have been there all along
F
I've been swallowed up by You
 Am **Em**
And there is nothing I can do
G **C**
You amaze me

I, I know at times I drift away
But I can always hear you say
Stay with me
Where, where can I go to escape Your love
I see Your wounds and I'm undone
Consume me

Am **F** **C**
I've been crucified with You now I am alive in You
 Em
I feel nothing but love
Am **F** **C**
I gaze into the eyes of You find the sweet surprise of You
 Em **G**
Lord you are enough You Amaze Me
