

Come to me Quickly

A E BM x3 D F#m E

A E Bm
As dawns rose fingers had shone again
A E Bm
I heard the symphony of silence
A E Bm
As Your show began I beheld in reverence
D F#m E
As Your light unfolded around me

A E Bm
Every time it feels like the end
D A
You turn me round and help me start again
E Bm
I need You now like I needed You then
D (F#m /E 2nd Chorus)
Lord turn me around and come to me quickly

A E BM x2

Pouring Your love out on this world of sin
And all that I can say is I am man of unclean lips
Trembling I lay and wait for the day
That I can behold You
