

LOVED BY THE SON

G

Wash my hands of this filth
give me strength over death
give me presence of mind
to remain by your side

C

It is you who I'm seeking, you first sought me

B / D

and I do not deserve you, you know what I mean

C

D

but I need you, yes I need you

CHORUS

G

you took my soul and you breathed it to life

C

I had no idea I was dead till that night

D

when you reached down your hand, told me no lies

C

Am

and I learned what it was to be loved by the Son

I am simple enough
don't give me what I want
just a kernel of faith
let me rest in your shade

It is you who I'm seeking you first sought me
and I do not deserve you, you know what I mean
but I need you, yes I love you

CHORUS
