

The Message

This is the message that we have heard
And declare to you about the word on love, on Love
This fellowship we have with Him
That pulls the darkness and the dim into the light

**If were walking in the light as He is in the light,
Then blood of Christ removes the night from our hearts
Then this fellowship of love begins
When the love of Christ removes the sin we can start
To see Him**

The light reveals the light conceals
Lord you've become so real to me, to me
That which I've lived I declare to you
The love you give to me is You, I am Yours, I am Yours

**If were walking in the light as He is in the light,
Then blood of Christ removes the night from our hearts
Then this fellowship of love begins
When the love of Christ removes the sin we can start
To see Him**

**So Send out Your light
Send out Your light and lead me to You x2**

**If were walking in the light as He is in the light,
Then blood of Christ removes the night from our hearts
Then this fellowship of love begins
When the love of Christ removes the sin we can start
To see Him**
