

## Enfold Me

**C** **G**  
Oh draw me in to Your rest  
**C** **F**  
You've disarmed me I must confess  
**C** **G**  
As my narrow heart unfolds  
**F** **G** **C**  
Your endless life overflows

You who is surrounded  
By ten thousand suns  
Oh You who contain the heavens  
Jesus contain my love

**C** **F** **C** **C7**  
**Heal me and I will be healed**  
**F** **G** **C**  
**Hold me close until I feel**

Show me Your face Holy love  
One glance will be enough  
Show me Your face and I'll forget  
The painful failures all the regrets

## Chorus

**F** **G**  
The Weight of Glory  
**C7**  
That falls from Your face  
**F** **G**  
Covers the dim  
**F** **G**  
And deepens my gaze

## Chorus x2

**C** **C7 F**  
**You Enfold Me x6**
