

FROM EVERLASTING TO EVERLASTING

C F C
Lift high the cross of Jesus
C F C
Above the mountain of your sin
G F C F C
With smallest faith that mountain starts to tremble
G F C G F C
With greater grace it sinks into the sea

The saints fall short of all His glory
No heavenly host compares to Him
He's sitting at the righthand of the Father
So set Him on the throne upon your heart

Chorus:

F C
From everlasting to everlasting
G F C
From star to shining star
F C
In the closeness of our being
G F C
It's all proclaiming who You are

Now earth or hell shall never triumph
And sin shall never have hold
Forgiveness comes like a rushing river
And Sinners run there to drink eternally

Chorus

Those gates of gold will soon be shining
What a beautiful sight that will be
The treasures of God will lie before us
And the measure of His love will be revealed
