

## **HE LOVES THEM SO**

### **E B E B / F#m E for the WHOLE SONG!**

He bid the little children come and sit round him, and sit round him  
He bid the little children come and sit round him, and sit round him  
Oh, He loved them so

He saw the widow cast her coin and called her blessed, and called her blessed  
He saw the widow cast her coin and called her blessed, and called her blessed  
Oh, He loved them so

He went into the sinner's house and dined with them and dined with them  
He went into the sinner's house and dined with them and dined with them  
Oh, He loved them so

He told the keepers of the law: "its not enough", "its not enough"  
He told the keepers of the law: "its not enough", "its not enough"  
Oh, He loved them so

He knew who his betrayer was, He washed his feet, He washed his feet  
He knew who his betrayer was, He washed his feet, He washed his feet  
Oh, He loved them so

He heard the crowds cry crucify, He did not speak, He did not speak  
He heard the crowds cry crucify, He did not speak, He did not speak  
Oh, He loved them so

He watched the soldiers strike the nails, He prayed for them, he prayed for them  
He watched the soldiers strike the nails, He prayed for them, he prayed for them  
Oh, He loved them so

He heard the mockers from below, He mourned for them, He mourned for them  
He heard the mockers from below, He mourned for them, He mourned for them  
Oh, He loved them so

He knew his friends were full of doubt, How showed His scars, He showed His scars  
He knew his friends were full of doubt, How showed His scars, He showed His scars  
Oh, He loved them so
