For I am wise and wicked but foolish I must become

A E B C#m A B C#m

Your kingdom calls the little child Oh Lord please make me one

A B E

Oh Lord please make me one

Oh Love revealed through human ties, confirmed within my soul

For thou has stirred the trembling thought that man is not alone

So I will seek Your presence though great mysteries confound

By day and night you will arrive, in the soul's unsettling sound

In the soul's unsettling sound

Oh Love that knows all human hearts and calls them each his own

Hold me to thy bosom tight that i may never roam

For thou has not forsaken me, but it is I who flees

Send your blinding holy light to still me to my knees

To still me to my knees

Oh Love that breaks all sinful bonds please conquer more of me

These walls of pride are building on and keep me far from thee

Ride swiftly whitest stallion and raise your sword on high

Cut these chords of carnal lies that I may with thee ride

That i may with thee ride
